

The following is something I wrote out to supplement the pre-recorded sermon. Practice this in your home tomorrow. This is an idea of what family worship could look like in your home. If you are alone view it as a personal devotion. If you are alone and it is safe for you to do this with others in the church do so.

Pastor Eric

### Family Worship

- Begin with prayer and ask the Lord to come and meet with you
- Play these songs on the computer and sing along (yes I think the lyrics are great!)

<https://www.youtube.com/watch?v=x63cVewXAeg>

- Read Psalm 34
- Ask these questions and discuss together:
  - 1) For what reasons does David praise God? List them.
  - 2) What is God's stance towards his people?
  - 3) What does God do for his people? List them.
  - 4) How do these concepts apply to your present situation?
  - 5) Based on what you've read in Psalm 34, for what reasons should you be trusting God today and throughout the Coronavirus pandemic?
- Pray together and pray about things relating to Psalm 34
